

IACIP 2017 Annual Meeting – Call for Collaboration Proposals

IACIP cordially invites co-sponsorship for hosting the sixth annual workshop of International Association of Chinese Infrastructure Professionals (IACIP) in January, 2017. This annual workshop will be held in conjunction with the 96th TRB annual conference, Washington, D.C. The theme of this international workshop is “**Advances in Smart, Sustainable and Resilient Transportation Infrastructure**”.

IACIP cordially welcomes financial sponsorship and collaboration proposals from organizations for this annual event.

Sponsorship

IACIP is a US registered non-profit professional organization with its members working or studying in the fields of Civil Infrastructure and Systems and related areas. As a sponsor of the IACIP Annual Workshop, you can help support the peer exchange and professional development related to transportation infrastructure technologies. The funding will help cover the costs of the annual banquet, student poster awards, and IACIP operating costs. Your organization will gain significant visibility among national and international academic leaders and industry leaders as well as exposure to international audience (especially those from mainland China, Taiwan, and Hong Kong).

In appreciation of your participation and support, various sponsorship levels are available for your budget flexibility. For more information regarding the annual workshop and sponsorship opportunities, please contact Dr. Xianming Shi at Xianming.Shi@wsu.edu , (509) 335-7088 or Dr. Yingwu Fang at ywfang99@yahoo.com
